Biological Psychology by James W. Kalat, Chapter 1, The

...

This book on the biology of psychology is, to this day, still one of my favourite textbooks from my first year at university/college. It's focused – logically so – on biological explanations of behaviour and/or psychological issues, and presented entertainingly and enthusiastically so by James W. Kalat. It covers a wide array of topics, and is probably too detailed (especially in later chapters) to be considered as 'only' an introductory to biological psychology.
