Primavera P6 Project Management includes planning, securing, organizing, and managing the resources which are required to complete the project on time within the budget. The primary purpose of project management is to achieve all the project goals considering the constraints.

What Is Primavera P6? | Primavera P6 Tutorial For Beginners

The Primavera P6 scheduler will update the project schedule manually with some inputs; however, Excel files are often used to work with data within Primavera P6 as well. The first step is to export the Primavera P6 schedule into Excel format. After opening the project schedule, select the File tab and then select "Export":
